Advanced topics in data structures:

bibliography list #3

1. Tango tree [1]. See also multi-splay trees [12].
2. Dynamic connectivity [4, 5].
3. Range Searching with priorities [9].
4. Binomial heaps [11], Fibonacci heaps [3], fat heaps and more advanced stuff on meldable heaps [7].
5. Persistent data structures [2, 10, 6, 8].
